HSV TOWNHOUSE ASSOCIATION STANDARDS, CONTROL & CAPITOL IMPROVEMENTS COMMITTEE

Painting / Siding / Roofing

In an effort to upgrade and protect townhouse investments in HSV, the Townhouse board of Directors adopted procedures for Building and Side Improvements in January 2001. These standards apply to all townhouse courts in Hot Springs Village, AR.

Painting / Siding / Re-Roofing applications are available at the THA office between the hours of 8:00 AM and 12:00 Noon. Applications must be submitted **before work begins**. **The HSVTHA Standards & Controls Court Representative must approve any paint color, siding, or roofing materials before work begins.** If possible, it is best that owners who share the same structural unit paint at the same time. Roofs especially must be done at the same time.

Each townhouse area sets up its own color selection committee to recommend color choices for that court. **The approved color palettes for exterior siding, trim and doors are on file in the THA office. Roofing samples are also available at the THA office, along with a pre-approved color selection for each court.** The THA has on file a list of painters whose work was recommended by local paint suppliers or homeowners who are satisfied with the painters' work.

Most courts will be painted with the same colors for the main structure and trim. The selection committees in some courts have up-dated the color tones. Courts which already have various colors, and/or units with vinyl siding **MUST** choose colors which match adjoining units if the color has been approved by the Standards & Controls Committee. Ideally, an entire structure would be painted the same color. If a different color is chose, it must be from a pre-approved color selection and the owner must have a signed consent form from all owners of that structure. Owners may select different pre-approved colors for the front doors to express their individuality. **Any changes in color must be approved by the HSVTHA Standards & Controls Committee Court Representative prior to work being done.**

Each homeowner should get estimates and recommendations on his/her own. It is important to coordinate painting and roofing with adjoining owners. Contractors will often give a better price for doing a complete building at the same time. If the owners in your structural unit do not agree to paint at the same time you do, you must request they sign a consent form before the work begins and turn it into the THA office. Consent forms are available at the THA office.

The Standard, Control and Capital Improvements Committee members have consulted with numerous local paint supply companies. All recommend the highest quality exterior latex with a mildew inhibitor added.

Each one of the companies stated that they could match colors. The S&C members and the selection committee members have done extensive research in order to make your re-painting as easy as possible for you the townhouse owner. Please consult the information on file at the THA office before painting and roofing your townhouse unit(s).

REMEMBER, USE THE BEST QUALITY PAINT
THE BIGGEST COST IS THE LABOR
